OPENING HOURS:
9 - 6 DAILY

7 DAYS EASTER - END OF
OCTOBER

5 DAYS MONDAY - FRIDAY
IN WINTER

RANGE: We make a wide range of stoneware tableware, and individual pots, large and small. All our pots are hand made, mostly on the wheel. For different effects we fire them in our new 100 cubic foot wood-fired kiln, our smaller salt glaze kiln or even smaller gas fired kiln. Our pots are for use & are dishwasher & microwave safe.

COMMISSIONS: We regularly make commissions, and are happy to make other shapes, designs and sizes by arrangement. We are also happy to organize wedding lists.

GIFT VOUCHERS: Available in £5, £10, £25 & £50 denominations, or any combination thereof.

GLAZES: A wide variety of glazes and decorative techniques are used in the pottery. Amongst them are our very successful ranges: 'BLUE WAVES', 'EBB & FLOW', 'WOODASH', 'BEACHCOMBER', 'LIMPET' & 'SEA SALT'

PRICES: This price list includes most of the above. Please add approx. +20% for 'LIMPET'
For the more individual range of work from our salt glaze called 'SEA SALT', please allow approx. +30% because of the extra processes and work involved.

THIS LIST IS CURRENT, BUT WE DO RESERVE THE
RIGHT TO ADJUST PRICES IF AND WHEN NECESSARY.

Blue Waves

Blue Waves' is an on going and developing range. The inspiration came from the ever changing sea & crashing ocean waves. The pots are dipped or poured with pale blue/blue grey matt glaze leaving areas for toasty ashing in the wood-kiln. They are then trailed with four different glazes to bring up the 'waves' over the surface.

Ebb & Flow

'Ebb & Flow'... A name change for our well established 'Slap Dash'. These pots have a multiple layered finish. Thick layers of glaze are brushed over each other to build up a rich finish. This is then complimented by the toasty ashing in the wood-kiln of edges and rims... There are echoes of deep pools, river flows, rolling landscapes, night skies...

Wood Ash

This lovely warm finish is a gift from the kiln. Fine ash dust from the burning wood is drawn through the pots and melts into the surface of the clay. Its final colour varies with the firing, the type of wood burnt & the position in the kiln.

Beach Comber

This bright exciting work comes out of Julie's abstract paintings now applied to a wide range of pots. The pots have a white glaze over which coloured glazes are brushed, trailed & washed. Beachcomber - always different, but always fun!

Limpet

Limpet and Razor shell Range... This range of work came out of the one off pots that Julie makes. A startling contemporary black and white range in minimal stripes and circles where the pattern is pressed and carved into the surface. Fiddly and time consuming ...but worth it for the effect.

Sea Salt

This work is fired in a different kiln. Often the work is inspired by the sea... waves, birds, fish. Many colours and textures are used on the pots before they are fired. The nature of salt glaze emphasises edges and picks out well any impressed or applied decoration. The results vary hugely... but that is the charm!

DELIVERY: Either from stock, or by order, which takes up to 3 months, sometimes longer. This is because it may take that long to fill our kiln if we have no work already waiting to be fired. We are happy to arrange worldwide delivery wherever possible & will quote for carriage (including packing & insurance) when the total order is known. We are also happy to hold pots for you to collect, by arrangement.
